## NORTH AUGUSTA HOUSE 19 CONSTRUCTION UPDATE

As planned, the HVAC has been installed. Other activities include the installation of all cabinetry, vinyl flooring and all the power hookups have been completed as well as graded the lot, cleaned up all the signs and finished the inside Pouring the driveway and completion of the landscaping will occur in November. At this point we will be requesting the electrical, plumbing, mechanical and final inspection after that. If all goes well, a CO should be in hand before the end of November, in time for our Homeowner family to enjoy Christmas in their new home.

We want to thank our Volunteers, Donors and the many caring community restaurants who provided lunch for all our volunteers throughout the House 19 build. They have shown their community spirit and their support for our mission.
